About SmartLynx Airlines

SmartLynx Airlines specializes in full-service ACMI aircraft lease services and is acknowledged ACMI provider in EU on Airbus A320 aircraft. With more than 3-decade long experience, our team delivers highest-quality service to our worldwide based clients.

We also ensure full charter operation in our home markets – Latvia and Estonia, predominantly in the leisure market. In 2021 our charter market footprint is to expand over several new markets.

In 2020 we have expanded our service portfolio by adding cargo units to our fleet, with plans to further establish our position in the world of air cargo transportation. SmartLynx is the first airline in EU to have converted Airbus A321 passenger to freighter unit.

SmartLynx offers its services provided by flight crew members that represent more than 18 nationalities, speak multiple languages, thus ensuring excellent service to our clients.

We are a family member of Avia Solutions Group, the largest aerospace business group from Central & Eastern Europe with 90 offices and production stations providing aviation services and solutions worldwide.
